PRESIDENT WILSON

Polk and Malone, Also Just Back From Washington, Are Unusually Silent.

GOT A TIP AT CAPITAL.

They Are to Keep Their Hands Off State Ticket at the

Primaries.

Mayor Mitchel, Corporation Counsel alive. Frank Lyon Polk and Collector of the Prof. Rubemont-Dessaigne has con-Port Dudley Field Malone are back from Washington after important talks with President Wilson. Although it is known that they talked State politics and Federal patronage, in the distribution of which State Democratic Chairman William Church Osborn says he was ignored by the President, all are unusually all and proportion of the discovery of another process by which the same result was reached.

President, all are unusually silent. Mayor Mitchel was asked if he talked Federal appointments with the President.

"That borders closely on politics and refuse to discuss it," he replied. But it is known among independent anti-Tammany Democrats that Mithel, Polk and Malone, each for different reasons, has promised not to mix in local politics for the present. They will suggest no candidate for Governor and will not interest themselves in a State ticket. They are not going to take an active part in splitting the Democratic party this fall unless they get a man who is

very certain to win. They are watching with interest John A. Hennessy and his Gubernatorial boom. Hennessy has not yet sought the aid of Mayor Mitchel in his campaign. There is still said to be a slight reserve between the Mayor and the man who made the campaign which is said to have helped the Mayor materially. Hennessy was not among the invited guests at the Mayor's inaugural reception. He is said to be the forlorn hope of the independent Democrats, who are split

in many dittle camps.

If Hennessy develops strength in his campaign it is likely that the independent Democrats from every part of the State will flock to his standard. If he does not, that will be the end of it.

Some friends of Hennessy are advising him not to run at the Democratic primaries, but to wait until the general election and enter the race as an independent Democratic candidate. But even if Hennessy should run at the primaries and be defeated for the regular Democratic nomination there would be nothing to prevent him from being an independent candidate later. Hennessy could take former Gov. Sulser out of the race at the primaries, and it is not unlikely that he will if he makes up his mind to seek the Governorship instead of the Comptroller-

World "Wants" Work Wonders | It did become known through un-

to-day that President Wilson isn't a bit scared over the report that if he continues to give Federal appointments to anti-Tammany men Republican Congressmen will be elected from New York State this fall. The President knows that most of the Democratic Congressmen from New York State are from the Greater City and that they are Democrats and Tammany men who are very likely to be re-elected. No Tammany district leader will instruct his workers to defeat the organization candidate.

WHITE SLAVER SENTENCED.

The or More Years and \$5,000 Fine for Machillotte.

Francesco Machillotte, the second of the Bronz white slavers, who was convicted last Monday on the testimony of Mrs. Delia Nealy Hansom, the Bridge-port widow, who was found half dead from beatings and abuse in a house in the Bronz, was sentenced to-day by County Judge Gibbs to not less than didate.

But the President will in future see that appointees to Federal jobs are representative Democrats and not personal friends of some of those who recommend them.

County Judge Gibbs to not less than ten years nor more than twenty in state prison and to pay a fine of \$5,000. The court room was cleared and the doors locked when sentence was pronounced, but a crowd of Machilotte's friends waited outside to learn the CHILDBIRTH MADE PAINLESS.

Machilotte kept a saloon in Portchester where Mrs. Hansom said she was taken.
